The President's *STEERING COLUMN*

Hi everyone

We need to thank the Berrys for hosting the November meeting and elections. The same people are still in office. I was hoping that we could get some new people in to help but oh well. We'll try next year.

We are going to meet at the Durkees on December 7 at 9am and caravan our Studebakers to Renton Highland Safeway, King 5 NW Harvest to hand them a check for \$500 from The Greater Seattle Studebaker Drivers Club . I would like to have as many cars as possible to make a big turn out, thank you. The North Puget Sound chapter is going to meet between 42nd St and 43rd st.SE on Terrance Drive and drive to Safeway King 5 NW Harvest Everett to give a check and then drive to the Christmas party from there. So, if you want to join that also it would be great.

Thank you,

Jerry

DECEMBER CHRISTMAS PARTY **Hosted by North Puget Sound SDC**

Saturday, Dec. 7th at 1:00 pm

**REMEMBER THE DUES AND
THE CHRISTMAS PARTY**

**A MERRY CHRISTMAS AND
A HAPPY NEW YEAR TO EVERYBODY**

DECEMBER MEETING (S)

The plan is to meet at Kenny & Kathy Durkee's house at 9:00 am. We will head up to the Safeway located in the Renton Highlands (4300 NE 4th Street) at 9:30 am to present a check and any non-perishable food we bring and hopefully get some TV coverage. Drive a Studebaker if you can that day. It will definitely help with making our club known.

Our November meeting was at the Berry's. They provided the burgers and others brought accompaniments and desserts. Fifteen were in attendance. Jerry (our President) held a meeting and election of Club officers for 2020. Floor was open for nominations or for volunteers, but none came forward. All of the 2019 officers agreed to continue and all were reelected by what appeared to be a vote of all in attendance. Greta, our treasurer, indicated that we have some money in the treasury. It was then determined to donate \$500 to Northwest Harvest and that would be done on December 7th when there will be several donation stations

around the northwest. A plan was set as follows: All participants will meet at the Durkee's at 9:00am and will caravan to the Renton Highlands Safeway store parking lot with the \$500 check and food for the cause. We were reminded that on that same day, December 7th, but later in the day we will be getting together for our annual Christmas party. Details are elsewhere in this newsletter. Merry Christmas to everyone!

Kenny and our neighbor, Lee Firth (now owners of a '62 GT Hawk which they are in the process of getting roadworthy) had a fun time in August creating a beer for a fundraiser and hanging out in South Bend, Indiana-home of Studebaker. We hope this fundraiser is a success in helping Brodie's family and praying for his healing.

This summer we held a "Brew with a Brewer" fundraiser and Kenny Durkee of Seattle, WA won the auction. He and our Brewer Rick Orta created a Grapefruit Cruiser IPA. Kenny owns a '65 Studebaker Cruiser and a 1950 Studebaker "Land Cruiser".

Grapefruit Cruiser ~ 7.2% ABV 70 IBU

A West Coast Style IPA loaded with all the "C" hops you've come to know and love. A blend of Cascade, Centennial, Chinook, Citra, Cluster, Columbus and Crystal in both the brew kettle and the dry hop are combined with grapefruit juice in the secondary to make an IPA that starts off earthy, woody and spicy then finishes with grapefruit.

For the event, our Executive Chef has put an English twist on one of Brodie's favorite foods - French Fries. Studebaker Brewery will donate \$2 from each pint sold in support.

We hope Michiana will come support Brodie and the Churchill family during this difficult time

EDITOR'S CORNER

Time to get back to my '51 restoration project.

Last time I mentioned the installation of the brake system. As that was the final part of the chassis restoration, except for the engine and driveline, it was time to think about the body. It had been a long time since I sandblasted and sprayed it with an initial primer (DP), so everything had to be sanded again. And there was also a bit of body work to be done, including welding.

As the body was still off the frame, it made sense to first paint the underside and firewall before putting the body back on the frame. I decided to paint the underside the same color as the rest of the car, Rio Green). I have no idea what color was originally used on the underside of the body. There was just no paint left to go by. Most likely it was painted the body color. But when I restored my '54 hardtop, I found out that the underside was not the body color. That car was still in original paint when I got it (green on green). But when I got all the under coating off the underside, the color was tan and in fairly good condition.

I also decided to put on the sandable primer before mounting the body back on the frame in order to avoid overspray. And then a lot of sanding and more repairs. Got the feeling I spent most of the summer sanding.

Installing the body back on the frame went smoothly, the bolt holes lined up just about perfectly.

At this point I (and my painter) decided it was best to also install the rear fender before doing the final paint. So more repair work and again sanding and priming and sanding and more repair and more sanding. Finally got the rear fenders installed and discovered that more shaping and sanding was required. But finally we (that means my son, the painter) could apply the final coats.

Of course there are a lot more parts to be repaired and painted (and sanded), like bonnet, boot lid, doors, front wings and miscellaneous sheet metal parts. But in the meantime it is time to start in on the driveline.

To be continued sometime in the future.

Finally getting paint on the body
