## EDITOR'S CORNER

I really have nothing new to report about what has happened lately. Mary has been busy putting together a preliminary meeting schedule, and also a meeting for April. Take note that it is early in April so I am scrambling to get the newsletter out in time. As nothing really has happened this year, I don't expect any report from neither the president nor the secretary. But thanks to Mary we will have a meeting at the American Car Museum in Tacoma followed by a dinner afterwards. See page 2 for details.

Due to unforeseen circumstances I have not had much time to devote to my never ending restoration of our '51. I did run into a problem with my chrome strip on the bottom of the dashboard. Mine was broken and I soon

discovered it was not available anywhere. And my chrome plater was not able to repair it. I will continue to look for one. And I did need this chrome strip in order to mount all the switches and other gizmos. So in the meantime, I decided to cheat a little. I did put it together using epoxy and pieces of brass and, as a final touch, bondo. It looks halfway decent, but could of course not be plated. So I was back to using paint. I ended up buying 3 different spray cans of what looks like chrome by looking at the can caps. Two of them turned out not looking like chrome at all but the third one was not that bad. And the winner was (in case somebody will try to duplicate chrome): "RUST-OLEUM / Bright Coat / Metallic Finnish".

**THE EDITOR'S NORWEGIAN SIDE**

, I know it is a month late for St. Patrick's day, but I could not resist

**HISTORY OF ST. PATRICK'S DAY**

St. Patrick's Day is celebrated on March 17th to commemorate that historical figure's act of driving the Norwegians out of Ireland. It seems that centuries ago, many Norwegians came to Ireland to escape the bitter cold of the Norwegian winters. Ireland was having a famine at the time and food was very scarce. The Norwegians were eating almost all of the fish caught in the sea, leaving the Irish with nothing but potatoes. St. Patrick, taking things into his own hands, decided the Norwegians must go. He organized the IRATRION (Irish Republic Army to Rid Ireland of Norwegians). Irish members of IRATRION sabotaged all the power plants in hopes the fish the Norwegians kept in

refrigerators would spoil, forcing the Norwegians to a colder climate where their fish would keep. The fish spoiled, all right, but the Norwegians thrive on spoiled fish. Faced with failure, the Irish sneaked into the Norwegians' fish storage caves in the dead of night and sprinkled the rotten fish with lye, hoping to poison the Norwegian intruders. But, miraculously, the Norwegians thrived on this new concoction and dubbed the smelly lye-soaked fish "LutefisK". Matters became even worse for the Irishmen when the Norwegians started taking over the Irish potato crop and making lefse. Poor St. Partrick was at his wits end, and finally on March 17th, he blew his top and told the Norwegians to go to Hell. And it worked. All the Norwegians left Ireland and moved to Minnesota.

**59 Studebaker pickup: I**

I have a 59 4E1-112 Ser E1203-8 complete except for engine and trans. I have the v8 engine I believe came out of it though it is seized up. There are Chevy motor mounts. It is a solid specimen with small rust spots in normal places. Grill and tailgate are perfect.

I think it might be worth \$4000. My friend paid just shy of \$3000 in 2010. If someone is interested in correct numbers I'm pretty sure the engine is the one that came out of it. I also have the name of the guy he bought it from who was, I am sure, a Stude club member. But I will consider any reasonable offer. I am in Des Moines just South of SeaTac airport if anyone wants to look at it.
