SECRETARY'S SCRIBBLES

The May outing for our

chapter was the Horseless Carriage Club annual breakfast and driving tour on May 1st. We were unable to attend but I asked our VP Mary to give me a brief report and here it is:

"Well, we lucked out as far as weather goes. It rained the day before and the day after the tour, but the tour day was 67 degrees! Rick and Laurel Berry drove their Platinum-Award winning Avanti, Bob Bryant drove his trusty Avanti, Bill Hallett and Mary West were in the Lark wagon. Jeff Jennings drove his '39 President. There was a 1955 President Speedster driven by Steve Fisher and his wife. Hope they join our club! We had a tour docent and he made the tour extra fun with his trivia. And, I might add, there are always many other non-Studebakers on this tour".

I have sold my '37 President and moved

my '28 Commander into the shop from the carport. Much better for working on it in the cool wet weather we have been having this spring. And, I have been able to make some progress on that vehicle with disassembly and cleaning so I can at least see what I have.

If anyone is interested in buying an older Studebaker, I noticed that of the first 20 "For Sale" ads in the Antique Studebaker Review this month, half were cars in Washington, Oregon, Idaho or British Columbia. I can provide more info if anyone is interested.

Hopefully the weather improves in June so touring is more comfortable.

God Bless,
Don Andersen
Secretary

EDITOR'S CORNER

I really do not have much to report this month. Due to circumstances beyond my control, I have not even had time to look at my own restoration project this month. Also lack of input from members, besides the secretary, contributes to a skimpy newsletter this month.

The Inward Beauty of Studebaker Cars

BENEATH the beauty of excellent paint and varnish work, of graceful, aristocratic lines, of luxuriously soft upholstery lies the beauty of Studebaker quality.

It is this quality, this inbuilt perfection that gives Studebaker cars their wonderful durability, that makes them as good at 50,000 miles as they were at 5,000 miles.

Quality produces economy.

Studebaker has spent four years in refining, improving and *perfecting* one basic mechanical design, selecting the materials, developing the manufacturing methods and training men to build this quality into Studebaker cars.

All the improvements, all the refinements suggested by close study of 300,000 Studebaker cars in actual service all over the world are summed up in the Series 18 Studebakers.

In ratio to weight they are the most powerful cars on the market.

In ratio to power they are most economical in gasoline consumption.

Studebaker owners frequently report 8,000 to 10,000 miles per set of tires.

The great resources of Studebaker have made it possible to manufacture practically every part in Studebaker factories. Therefore the car, part for part, is uniformly excellent throughout.

The Studebaker car is made by America's greatest manufacturer of fine automobiles, a company you can *always* depend upon for service, for prompt and convenient attention, for new parts at reasonable prices any time your motoring needs demand them.

Studebaker systematic service rendered to all Studebaker owners by the nation-wide organization of 6500 Studebaker dealers insures your permanent service satisfaction.

Your local dealer will gladly tell you about Studebaker systematic service and show you point by point the excellencies of Studebaker cars.

STUDE STUFF FOR SALE or wanted

In cleaning out his old place to get re- settled in his new place, Don Albrecht wants all Studebaker fans to come look through his extensive collection for anything you might need. Most of his parts are for 60s vintage cars and pickups but there's also stuff for 50s era Studebakers. Please call him at 425.522.4294 at his place, or his cell, at 425.417.7644. Seriously, these parts have to go!

Tom

P.S. please pass this onto any Stude fans you know!

AVANTI BY STUDEBAKER 1962 – 2006

Quick, name a book that covers the history of the Avanti from 1962 to 2006 in an easy to read format? *Avanti By Studebaker* is such a title by auto historian Don Narus. This primer is great for new to the hobby or for someone seeking to bone up on what the Avanti was all about. Seven chapters cover Loewy, the Studebaker years, Altman-Newman, Stephen Blake, Michael Kelly, John Cafaro, and Bunting-Kelly. Detail-rich 88 black & white photos as well as 7 period advertisements generously highlight front and tail ends, dashboards, seats, and interesting details. Narus' accessible writing style offers expertly intriguing observations and insights. Order a copy from www.LULU.com for \$12.95 plus shipping. Michael Petti

59 Studebaker pickup: I

I have a 59 4E1-112 Ser E1203-8 complete except for engine and trans. I have the v8 engine I believe came out of it though it is seized up. There are Chevy motor mounts. It is a solid specimen with small rust spots in normal places. Grill and tailgate are perfect.

I think it might be worth \$4000. My friend paid just shy of \$3000 in 2010. If someone is interested in correct numbers I'm pretty sure the engine is the one that came out of it. I also have the name of the guy he bought it from who was, I am sure, a Stude club member. But I will consider any reasonable offer. I am in Des Moines just South of SeaTac airport if anyone wants to look at it.
