Greater Seattle Chapter SDC Founded in 1969

Volume 52 Number 9

Our July outing was on the 9th and it was another wonderful picnic at Mud Mountain Dam. The weather was ideal, not too hot and not too cold. We had 15 Studebakers on display and about 35 Studebaker enthusiasts. Because of Covid 19, each family brought their own food and beverages. There was no actual Chapter meeting, but lots of talk and review of the very nice cars.

Our August get together was also in July, on the 30th. We joined up with Sea-Tac HCCA at their annual picnic in Carnation. It was well into the 90's that day, so we decided it was too hot for a picnic. Jeff Jennings did attend and reported that there were 2 Studebakers at this picnic. There were more Studebakers than any other collector car brand, but not many total attendees. Too hot for others too, I guess.

I still don't have a Studebaker that is road ready. My '32 is getting closer to being out in the world. It is, however, taking a long time to get it ready for paint. I now have the grille surround and bumpers ready to go out for chroming. That took time as well because they were all painted (over failed chrome) and removing many layers of paint is a slow process. Nice to have that done. Lots of fun in the garage.

God Bless,  
Don Andersen

*EDITOR'S CORNER*

Not much to report as we have not been able to participate in any Stude events for quite a while. Hopefully that can be rectified in the near future.

But I did finally get back to my '51 restoration project. Finally got my last front fender finished. Took me a while to find all the small scratches and dents but finally got the last layer of primer finished and sanded and got my son to apply the final paint.. Still a hood to go.

And here is the final true Norwegian history of St. Patrick's day.. It is not the right time of the year to celebrate, but it should rectify all misconceptions of this historic day

St. Patrick's Day is celebrated on March 17th to commemorate that historical figure's act of driving the Norwegians out of Ireland. It seems that centuries ago, many Norwegians came to Ireland to escape the bitter cold of the Norwegian winters. Ireland was having a famine at the time and food was very scarce. The Norwegians were eating almost all of the fish caught in the sea, leaving the Irish with nothing but potatoes. St. Patrick taking things into his own hands, decided the Norwegians must go. He organized the IRATRION (Irish Republic Army to Rid Ireland of Norwegians). Irish members of IRATRION sabotaged all the power plants in

hopes the fish the Norwegians kept in refrigerators would spoil, forcing the Norwegians to a colder climate where their fish would keep. The fish spoiled all right, but the Norwegians thrive on spoiled fish. Faced with failure, the Irish sneaked into the Norwegian's fish storage caves in the dead of the night and sprinkled the rotten fish with lye, hoping to poison the Norwegian intruder. But, miraculously, the Norwegians thrived on this new concoction and dubbed the smelly lye-soaked fish "Lutefisk. Matters became even worse for the Irishmen when the Norwegians started taking over the Irish potato crop and making lefse. Poor St. Patrick was at his wits end, and finally on March 17th, he blew his top and told the Norwegians to go to Hell. And it worked. All the Norwegians left Ireland and moved to Minnesota.

1963 Studebaker GT Hawk serial #63V29933. 289 V8 4-barrel WCFB carb. Engine completely rebuilt less than 10,000 miles ago. 4 Speed T10 transmission re-bearinged. Dana 44 rear end, 331 ratio non-TT. Tires are in good shape but old, chrome rims. Full instrumentation including tac and clock; everything in working condition. Seats, headliner, carpets, and other trim are in good shape. The car has Alberta registration. I have never registered it in B.C. as the body is in very rough condition. The car needs new kingpins. The rest of the mechanical is good. Front suspension has Duralon upper and lower bushings; the clutch pressure plate and disc were rebuilt, and it has a new throw-out bearing. The engine was completely rebuilt, new pistons .020 o/s, crank turned mains .010 and throws are .010. The heads had hardened seat and new valves, R1 camshaft was reground. Rebuilt water pump. Starter and alternator were gone though. The car has not had a lot of miles in the last 11 years. When the Alberta insurance ran out, I only used it a couple of times a year around the neighborhood. Located in 108 Mile Ranch, B.C. Call Chuck Douglas at 250-791-5505 or email [doug108@telus.net](mailto:doug108@telus.net). Asking \$6000.00 OBO

### 59 Studebaker pickup: I

I have a 59 4E1-112 Ser E1203-8 complete except for engine and trans. I have the v8 engine I believe came out of it though it is seized up. There are Chevy motor mounts. It is a solid specimen with small rust spots in normal places. Grill and tailgate are perfect.

I think it might be worth \$4000. My friend paid just shy of \$3000 in 2010. If someone is interested in correct numbers I'm pretty sure the engine is the one that came out of it. I also have the name of the guy he bought it from who was, I am sure, a Stude club member. But I will consider any reasonable offer. I am in Des Moines just South of SeaTac airport if anyone wants to look at it.
